DETAILED ACTION

Specification

The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

This application is in condition for allowance except for the following formal matters:

Claim Objections

Claims 1-27 are objected to because of the following informalities:

Re claim 1: Substitute "adapted to dispense" with -- for dispensing -- (see line 5).

Re claim 1: Substitute "adapted to segregate" with -- for segregating -- (see line 6).

Re claim 5: Insert -- automated banking -- before the term "machine" (see line 2).

Re claim 7: Substitute "the service panel" with -- a service panel -- (see line 1).

Re claim 16: Substitute "adapted to dispense" with -- for dispensing -- (see lines 4-5).

Re claim 16: Substitute "adapted to segregate" with -- for segregating -- (see line 6).

Re claim 18: Insert -- automated banking -- before the term "machine" (see line 2).

Appropriate correction is required.

(Note claims 2-4, 6, 8-15, 17, 19-27 are objected to since they are dependent upon an objected claim)

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

Claims 1-27 are allowable over the prior art of record.

The following is a statement of reasons for the indication of allowable subject matter: The prior art of record, taken alone or in combination, fail to teach or fairly suggest, in conjunction with other limitations in the claims, an automated banking machine including a chest portion and a top portion outside and extending above the chest portion; and a second lock accessible within the top housing portion, wherein unlocking a second lock enables accessing the suspect note storage area.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Katou et al (US 6,637,647); Katou et al (US 6,474,549); Beskitt et al (US 6,318,714); Calder et al (US 6,516,998); Johnston et al (US 5,987,431)
